Our weekly mission

 All Saints Catholic College

Mission *“Fear not, for I have redeemed you; I have called you by your name; you are Mine.”*
Isaiah 43:1

Holocaust Memorial Day 2024

Do you speak up for people,
Or have you used your voice to hurt?
How can you better use your voice against hatred and
prejudice?

BE INSPIRED. BE EXCELLENT. SUCCEED

This week in assembly we have remembered victims of the holocaust in preparation for Holocaust Memorial Day on 27th January. We have reflected on Jesus’ message of inclusivity and how we can use our words, which are powerful, for good.

Attendance

Attendance this week is above the national average, thank you to all parents and carers for supporting us in our mission to have excellent attendance as a school community. If your child is struggling with their attendance please contact school to speak to someone so that the school can support you. Over 650 pupils had 100% attendance this week – which is amazing!

Pupil Leadership

Next week Mrs Preston will meet with the pupil leadership team to gather pupil voice about school life so that we can listen and respond to what the children are telling us about their experiences in school. Each half term we are collecting pupil voice from all pupils so that we can continue to develop as a school community ensuring that our pupils are safe, happy and achieve well. The selection process for next year’s pupil leadership team will begin after the year 10 mock examinations in April.

Consultation on new school day

I hope that you have received my letter about proposed changes to the school day, if you have not read this letter please find it here:

Thank you to parents and carers who have responded with helpful questions and comments. I wanted to ensure that you are aware that the extension to form time is intentional and will lead to an increase in curriculum time for key subjects. The proposed form time plan will include PSHE, which is currently taught in one of the five periods of the school day, this means that we can increase the teaching of other subjects in the place of PSHE as this will be allocated to form time. In addition we have ambitious plans for whole school reading, literacy, numeracy and formation which will all take place during this extended form time.
